#### Exercises

### Exercise sheets (homework assignments):

- mostly theoretical exercises
- exercise sheets on ADAM every Monday after the lecture
- must be solved in groups of two or three (not alone or in larger groups)
- due Monday 4pm the following week (upload to ADAM at https://adam.unibas.ch/)
- we only accept readable PDFs
  - $\rightarrow$  with a bonus point per sheet created with LATEX

Question: Who has experience with LATEX?

Required Time

A1. Organizational Matters

Official calculation

- ▶ 1 CP  $\approx$  30 hours
- ▶ The course has 6 CP.
- You need to invest about 180 hours.
- ► With 40 hours for exam preparation, this leaves 10–11 hours/week during the teaching period.

Alternative calculation

- ▶ A fulltime student achieves 30 CP per semester.
- ▶ The course corresponds to a 5th of 30 CP.
- ▶ With a 42h week, this still corresponds to 8.4 hours/week.

# **Plagiarism**

#### Plagiarism (Wikipedia)

Plagiarism is the "wrongful appropriation" and "stealing and publication" of another author's "language, thoughts, ideas, or expressions" and the representation of them as one's own original work.

#### consequences:

- ▶ 0 marks for the exercise sheet (first time)
- exclusion from exam (second time)

if in doubt: check with us what is (and isn't) OK before submitting exercises too difficult? we are happy to help!
